

“Opportunities and challenges of the European Energy Union – Energy Efficiency and Renewable Energy in Croatia”

31 March 2017, 9:30 – 12:30
Croatian Parliament, Zagreb

Sponsorship Opportunities

Check and send this Agreement to: Roxane Eva Rosa Roth at roxane.roth@eufores.org
Once we receive your sponsorship agreement we will confirm its reception and send an invoice.

Introduction – Why sponsor a EUFORES event?

EUFORES is the European parliamentary network for renewable energy and energy efficiency with members from all major political groups in the European Parliament as well as in the EU28 national Parliaments.

EUFORES promotes the deployment of renewable energy and energy efficiency within Europe. To this purpose, it organises various events to offer parliamentarians and other key players an opportunity to exchange views. The national parliamentary workshops organised by EUFORES, in cooperation with the respective Parliament of the host country, are examples of such platforms where national Members of Parliament receive the chance to discuss the renewable situation in their country with Ministry representatives and other relevant stakeholders.

Parliamentarians are key actors when it comes to drafting legislation for renewable energy and energy efficiency, which is crucial for developing an effective and stable framework for market development in those sectors.

Your advantages of becoming a sponsor:

- **High visibility among policy makers and especially Parliamentarians from all over Europe**
- **Being part of the discussion and having the chance to influence Europe's energy future**
- **Networking opportunity to get into contact and discuss the potentials and needs of your sector with national and European Parliamentarians**
- **Building up company's profile among key decision makers**

Note:

EUFORES events are upon invitation only for Members of the European Parliament and national parliaments. The European Commission and government officials are invited as well as all non-parliamentary members of EUFORES. Only few carefully selected additional stakeholders are invited.

Supporting Members of EUFORES receive reduced sponsorship fees. Also, reduced fees can be discussed if more than one sponsorship package is chosen at the same time.

Stand out from the rest! Do not miss these great opportunities! Become a sponsor of the leading parliamentary network in Renewable Energy and Energy Efficiency in Europe!

EUFORES National Parliamentary Workshop Opportunities and challenges of the European Energy Union – Energy Efficiency and Renewable Energy in Croatia”

When: 31 March 2017

Venue: Croatian Parliament, Trg sv. Marka 6, 10 000 Zagreb

Participants: Members of the Croatian Parliament, Members of the European Parliament, representatives of Croatian ministries, representatives of the European Commission, Croatian industry associations and networks, NGOs, high level experts and other stakeholders.

Expected number of participants: 30-50 participants

Background information on the event:

This event, co-organised with Member of Parliament Ivan Domagoj Milošević, will look into the process of the energy transition through efficiency and the deployment of renewables in Croatia. The workshop will, among others, focus on the following questions: What are the main obstacles to the implementation of renewable energy in Croatia? Is the current policy set-up appropriate and sufficient? What are the potentials of renewable energy in Croatia? Are there any new ideas on financial incentives? What is the role of the Croatian industry? What is the consumers' perspective on energy efficiency? What is coming up on the European level?

Please do not hesitate to contact us if you have any further questions:
