Campaign Kick-Off Dinner Debate

Smart-e Buildings for Smart People! ***Get smart! Stop the leakage! Save your energy!***

**Wednesday, 7th December 2011, 18:00-21:30,
Members Salon, European Parliament, Brussels**

*EU buildings account for 40% of energy consumption and
more than 33% of carbon emissions.*

*By 2020 more than a quarter of this energy can be reduced in a cost effective manner.
New technologies and techniques on the market can push our buildings
towards nearly zero energy and carbon levels.*

18:00 Welcome Drinks

18:30 Welcome

Claude Turmes, MEP, EUFORES President

“Presenting the Smart-e Buildings Campaign: Europe takes its energy back”

Eleanor Smith, Communication and Policy Officer, Project Coordinator, EREC

“Taking action on the ground: examples of smart-e buildings in Brussels”

Pascal Durdu, Défi Energie, Passeurs d’Energie, Brussels

“Crisis, mother of innovation: Opportunities to create quality in the built environment”

Livia Tirone, Architect, Portugal
