

The impact of the EU's clean energy package on Belgium's energy transition

Paula Abreu Marques

Head of Unit for Renewables and CCS Policy,
DG ENERGY

5 February 2019

Why we propose the Clean Energy Package

2030

50% of electricity to come from renewables

2050

Electricity completely carbon free

Solidarity and energy security

An integrated market

Energy efficiency

Research and innovation

Decarbonisation

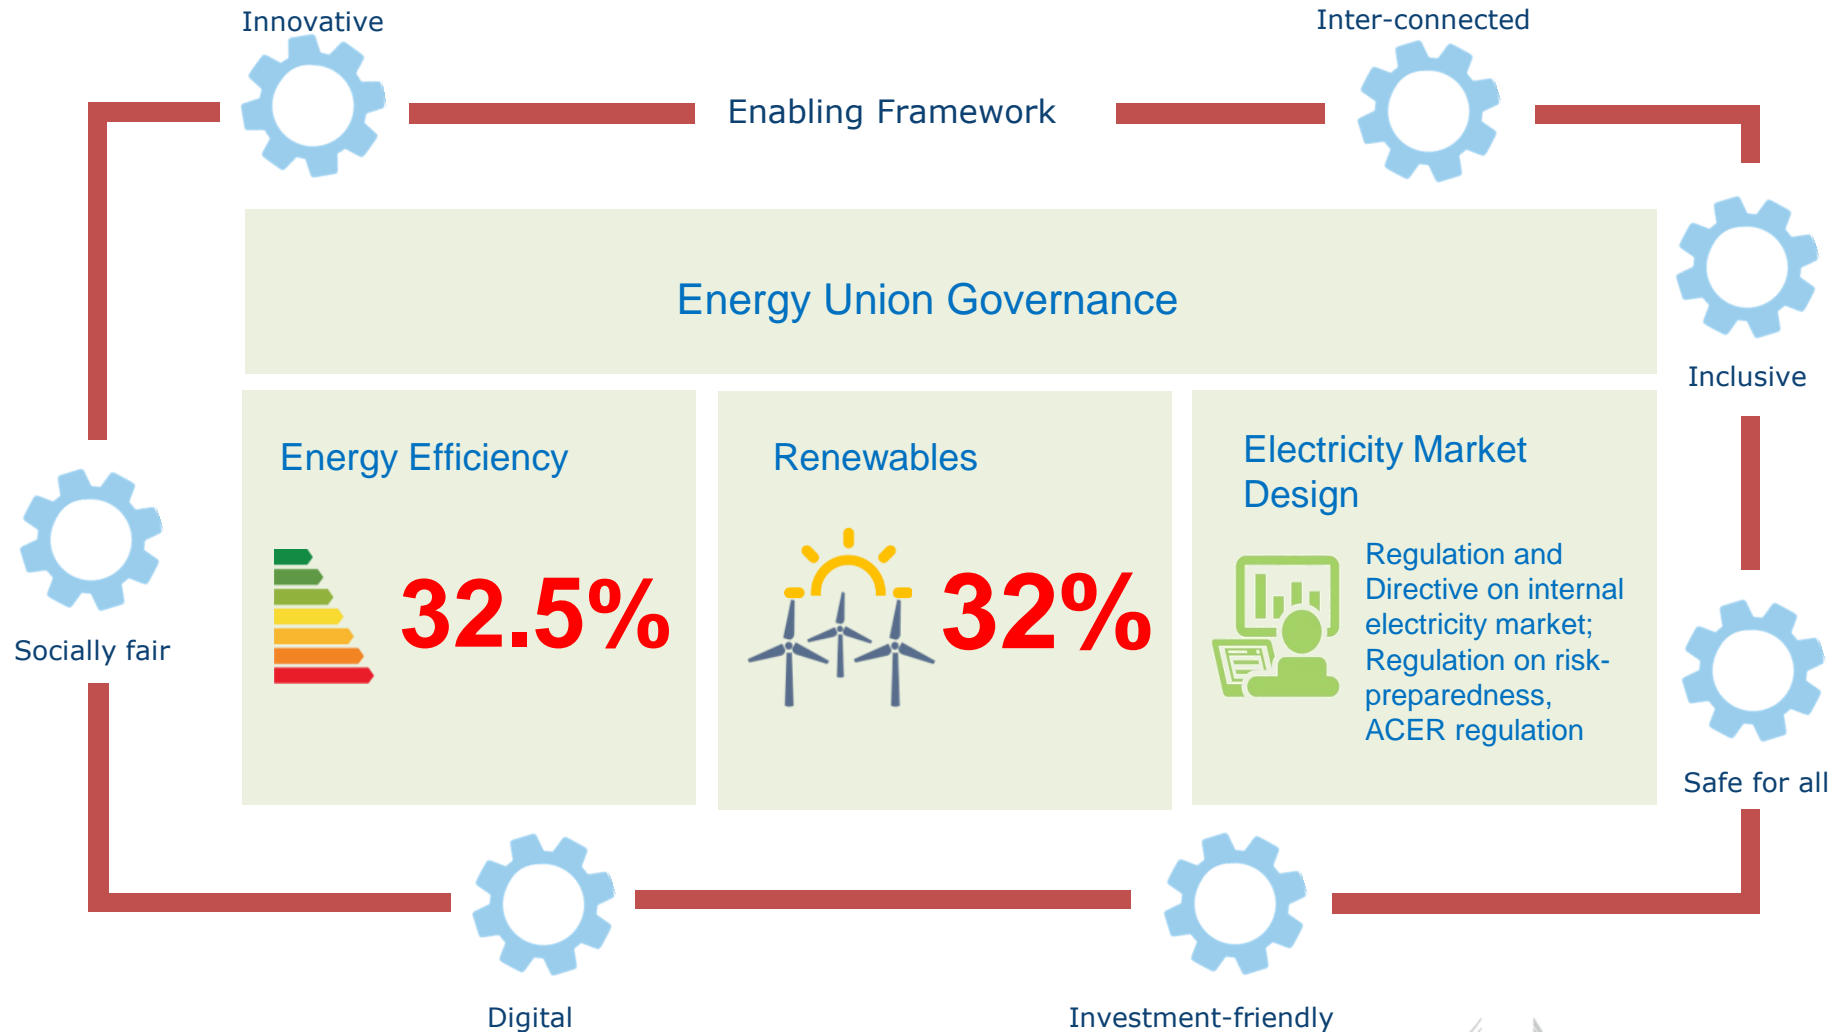

PARIS2015
UN CLIMATE CHANGE CONFERENCE
COP21·CMP11

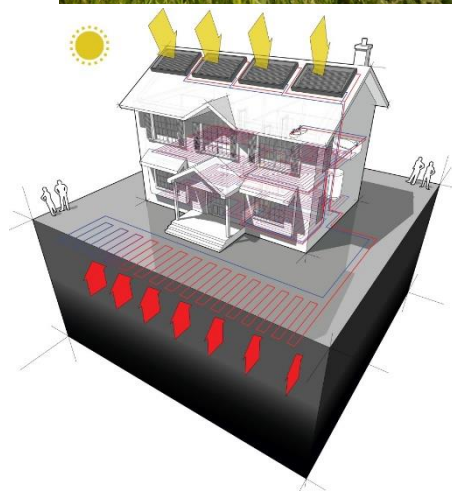

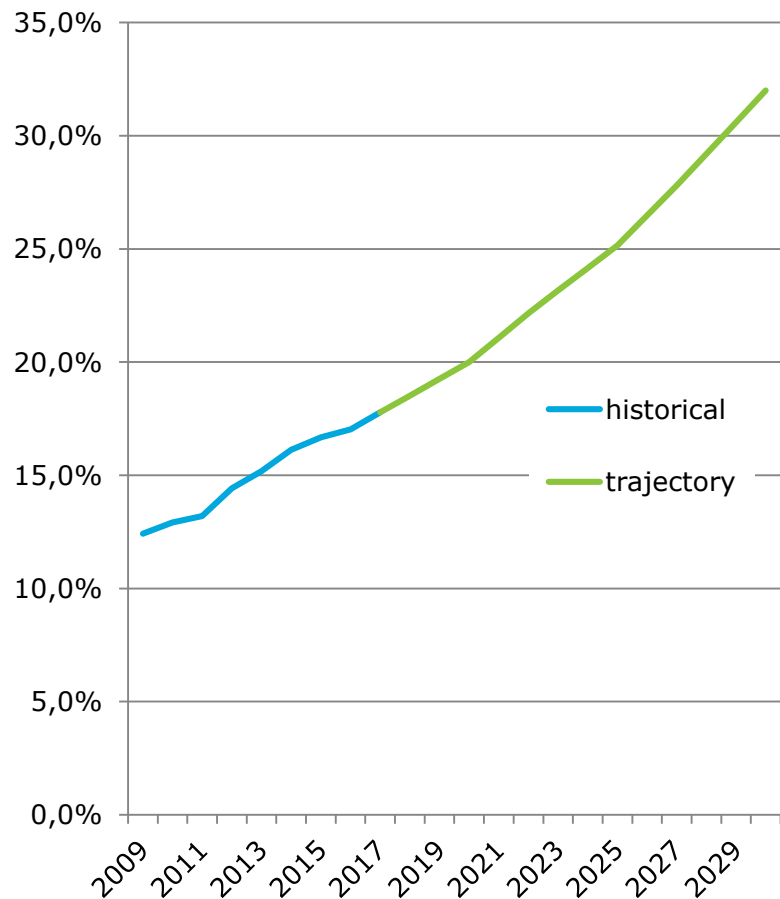

European
Commission

What is in the Clean Energy Package

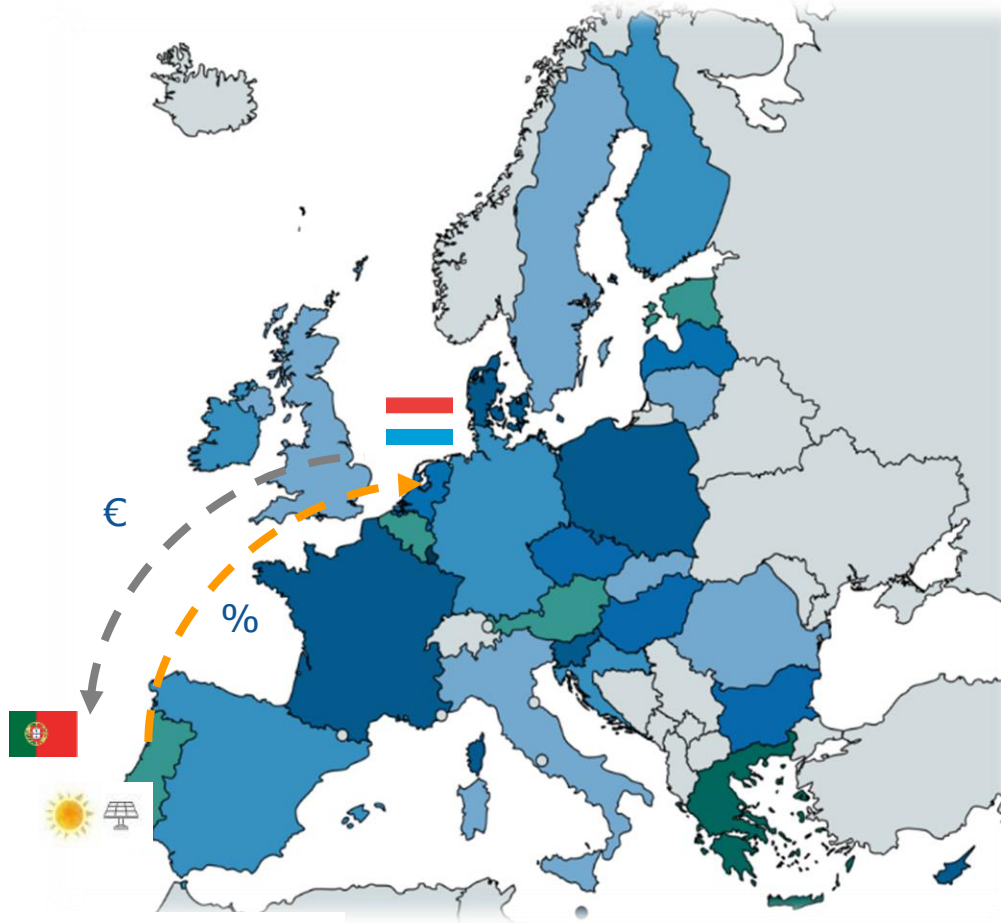

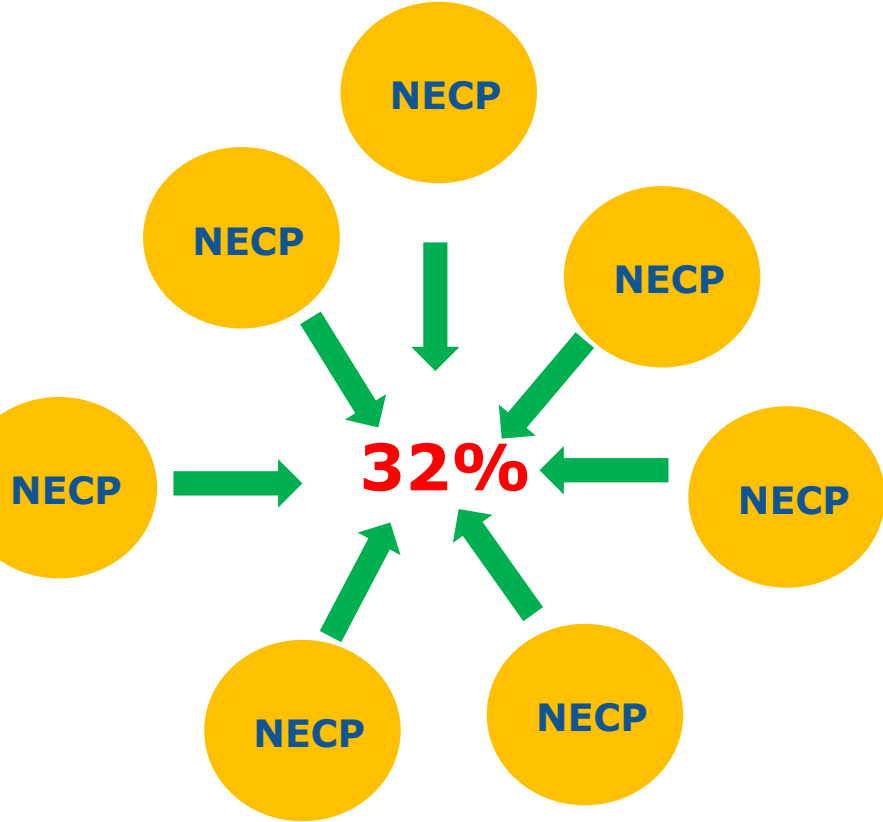

What we do for renewables in the Clean Energy Package

EU renewable energy share
2009-2030

Reaching the target jointly
