

Implementation of

renewable energy and
energy efficiency policies
in the Czech Republic

MINISTERSTVO
PRŮMYSLU A OBCHODU

Pavel Gebauer
Energy department
Ministry of Industry and Trade

Strategy documents

- ➔ Directive on the energy performance of buildings
- ➔ Directive on energy end-use efficiency and energy services
- ➔ Directive establishing a framework for the setting of ecodesign requirements related products energy

- ➔ Energy Management Act
- ➔ National Action plan for Renewables Energy Sources

- ➔ Directive on the promotion of renewable energy
- ➔ Directive on the promotion of combined heat and power (CHP)

- ➔ Supported energy sources Act
- ➔ Energy Act
- ➔ National Action Plan for Renewable Energy

Renewable energy sources

Investment support for energy from RES:

Operational Programmes of the EU funds

- OPMP - Business (2004-2006)
- OPPI - Business and Innovation (2007-2013)
- OPŽP - Environment
- PRV - Rural Development Programme

Programs funded from other sources

- The EFEKT
- SFŽP - Green Savings

Operational support from RES:

The beginnings of support already in 2000 (Energy Act)

A separate law on the promotion of electricity from RES in 2005

Since 2013 new law on supported by sources of energy will be introduced. Law include support for:

- Electricity
- Heat
- Biomethane

Energy efficiency I.

The legislative framework for EE:

➤ **The Energy Management Act**

- Efficiency in energy production
- Efficiency of products related to energy consumption
- Energy audits
- The energy performance of buildings
- Inspections of boilers and air conditioning

➤ **The Energy Act**

➤ **The supported energy sources Act**

- CHP
- Support of Distributed Generation
- The minimum requirements for energy production

Energy efficiency II.

Investment support for EE:

Operational Programmes of the EU funds

- OPPI – Eko-energy programme
- OPŽP – Environment

State programs from the state budget and other sources

- State Housing Development Programme - Program Panel
- EFEKT – State programme on supporting RES and EE
- SFŽP - Green Savings

Thank you for your attention
