ABOUT EUFORES

Why sponsor EUFORES events?

EUFORES is a European cross-party network of Members of Parliament from the European Parliament as well as from the EU27 national and regional Parliaments. With the objective of promoting **renewable energy** and **energy efficiency**, EUFORES is supported by a variety of non-parliamentary members, industry associations, companies, scientific institutes, energy agencies and NGOs - all strongly committed to its mission. To coordinate the exchange between its members, EUFORES has developed a broad spectrum of activities, among them, national parliamentary workshops.

ABOUT EUFORES CONFERENCES

Since 1995 EUFORES has held high-level conferences throughout the European Union – both on the European and the national level. They have become an important forum for the parliamentary community to exchange information on the latest developments in renewable energy and energy efficiency and formulate energy policies through a community-driven policy development process. These conferences provide a great opportunity for knowledge sharing and professional networking.

Join EUFORES

Engage with
the European
parliamentary
network

At these high-level conferences, parliamentarians as well as other stakeholders from the renewable energy and energy efficiency sector have the chance to discuss the issues at hand.

Sponsors are thereby in touch with a highly engaged European audience of **key decision-makers** in the sectors of renewable energy and energy efficiency.

WHAT IS IN IT FOR ME?

 **Advocacy:** High visibility among policy makers and especially Parliamentarians from all over Europe

 **Influence:** Being part of the discussion about Europe's energy future

 **Networking:** Networking opportunity to discuss the possibilities and needs of your sector with national and European Parliamentarians

 **Positioning:** Building up your company's profile among key decision makers

Stand out from the rest!

**Do not miss out
on these great opportunities!**

AUDIENCE

EUFORES national parliamentary workshops are attended by members of the hosting parliament and national key experts from the science, business and civil society community in the field of renewable energy and energy efficiency.

EUFORES events are endorsed by Members of the European Parliament (MEPs) and Members of national Parliaments (MPs), Members of Regional Parliaments, as well as European Commission and national or local governments.

Among the attendees are key decision-makers from European and national parliamentary level as well as technical experts responsible for policymaking and technological development in the field of renewable energy and energy efficiency.

Nicolás González Casares, Spanish MEP and President of EUFORES
